

Help in meeting your testing needs from a lab you can trust

When in-office testing is not an option, Quest Diagnostics Patient Service Centers (PSCs) can provide the drug monitoring services you need.

With over 2,250 PSCs across the country, our online appointment finder makes it easy and convenient for you and your patients to find the closest PSC location. Our PSCs offer ease of scheduling, professional phlebotomists, and settings that make patient needs a priority.

Our new Peace of Mind program offers VIP access during the first hour of each day for individuals who are 60 years or older or have other conditions known to raise the risk of an unfavorable outcome from COVID-19. **Scheduling an appointment is a critical step for urine drug testing.**

Additional safety measures at our PSCs to protect the health of your patients include:

- Staffing entrances at many locations to limit the amount of surfaces, such as door handles, that a patient would need to touch
- Where available, providing hand-buzzers to patients after they register, allowing them to return to their vehicles until they are buzzed for their appointment
- Fostering social distancing by limiting the number of chairs in PCSs

For additional information on Quest Diagnostics COVID-19 testing, please visit [QuestDiagnostics.com/COVID19](https://www.questdiagnostics.com/COVID19)

Contact your Quest Diagnostics representative for more information on our testing services or visit [QuestDrugMonitoring.com](https://www.questdiagnostics.com/COVID19)

Each year, **50% of doctors and hospitals in the US trust Quest Diagnostics** for the information they need to make better health decisions.

It's one reason we are the world leader in diagnostic lab testing

Working with Quest PSCs is easy

- 1** Submit your test order using your EHR, Quest Quantum® Lab Services Manager, or a paper requisition
 - Don't have a Quest Quantum account? Get started at QuestDiagnostics.com/home/contact#getstarted
- 2** Have your patient schedule an appointment:
 -  Schedule online QuestDiagnostics.com/Appointment
 -  Schedule on the go with **MyQuest™*** mobile app
 -  **1.888.277.8772** to set appointments 24/7
- 3** Review your results with our easy-to-read and understandable laboratory reports
- 4** If you have questions about your results, consult with one of our toxicology specialists by calling the **RX Tox line at 1.877.40.RXTOX (1.877.407.9869)**

Benefits of working with Quest PSCs

Benefits to your patients

From convenience to understanding results, Quest Diagnostics puts the patient first.

- Convenient PSCs, including in select retail locations
- Online appointment scheduling
- Broad health plan coverage

Benefits to your practice

Using Quest Diagnostics as an extension of your practice gives you more than quality results.

- Optimize patient care with improved compliance
- Fast turnaround times
- Gain access to innovative tools and technology
- Experience seamless EHR integration
- Toxicology experts available for your results consultation needs

As the world leader in diagnostic information services, **Quest is committed to fast action on emerging health threats.** Laboratory testing can help provide critical insights to aid in the COVID-19 response.
